

Dear Hiring Manager,

I am writing to express my enthusiasm for the Mobile Developer position at BIP, as advertised. With a bachelor's degree in Computer Science and Electrical Engineering from Hokkaido University and over three years of dedicated experience in Flutter mobile app development, I am excited about the opportunity to contribute to your team. At BIP, where innovation and cutting-edge solutions are at the forefront of driving value for society, I see a thrilling opportunity to apply my skills and passion for mobile technology and sustainable solution development.

In my current role at Hedgehog Medtech, Inc., I have been instrumental in developing medical treatment apps that prioritize patient safety and operational efficiency. This experience, combined with my tenure as a Product Manager at THE PHAGE, Inc., where I led the development of a video editing app, and my foundational work at Conomai as a Chief Technology Officer, has honed my ability to deliver high-quality mobile applications. My projects have always been marked by a commitment to excellence, innovative problem-solving, and a deep understanding of user needs – values I see mirrored at BIP.

Also, I am answering questions come up on developer communities of Riverpod. I would be a great asset once I join your team.

Your emphasis on corporate social responsibility and the goal of conducting business for the greater good resonate with me. I have always believed that technology should be leveraged to make a positive impact on society and the environment. At BIP, I see a unique chance to blend my technical expertise with my commitment to making a difference.

I am particularly drawn to the responsibilities of developing and maintaining high-quality mobile applications using Flutter, collaborating with cross-functional teams, and staying abreast of industry trends to drive innovation. With solid experience in Flutter development, a comprehensive understanding of best practices and design patterns, and a proven track record of leading projects to successful completion, I am confident in my ability to contribute effectively to your team.

I am enthusiastic about the opportunity to bring my unique blend of skills and experiences to BIP, where I can continue to grow professionally and support your mission of daring to make a difference. I look forward to the possibility of discussing this exciting opportunity with you.

Thank you for considering my application. I am eager to learn more about how I can contribute to BIP's success.

Warm regards,

Noriaki Handa
